Independent Auditor's Report

To the Honorable Mayor
And Board of Commissioners
Town of Wilkesboro, North Carolina

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the Town of Wilkesboro, North Carolina, as of and for the year ended June 30, 2006, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Wilkesboro's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of the Town of Wilkesboro ABC Board, which represents 1.44 percent, and 1.27 percent, and 14.71 percent respectively of the assets, net assets, and revenues of the governmental activities and business-type activities. Those financial statements were audited by another auditor whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Town of Wilkesboro ABC Board, is based solely on the report of the other auditor.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Town's component units, the Town of Wilkesboro ABC Board, and the Wilkesboro Tourism Development, Convention, and Visitors Bureau, were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditor provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the Town of Wilkesboro, North Carolina as of June 30, 2006, and the respective changes in financial position and cash flows, where appropriate, thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 21, 2006, on our consideration of the Town of Wilkesboro's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Management's Discussion and Analysis and the Law Enforcement Officers' Special Separation Allowance Schedule of Funding Progress and Schedule of Employer Contributions on pages 3 through 9, 36 and 37 respectively, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We and the other auditor have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion on it.

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statement of the Town of Wilkesboro, North Carolina. The introductory information, combining, and individual non-major fund financial statements and schedules and the statistical tables, as well as the accompanying schedule of expenditures of federal and State awards as required by U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual non-major fund financial statements and the accompanying schedule of expenditures of federal and State awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory information and the statistical tables have not been subjected to the auditing procedures applied by us and the other auditor in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management Discussion and Analysis

Management's Discussion and Analysis

As management of the Town of Wilkesboro, we offer readers of the Town of Wilkesboro's financial statements this narrative overview and analysis of the financial activities of the Town of Wilkesboro for the fiscal year ended June 30, 2006. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the Town's financial statements, which follow this narrative.

Financial Highlights

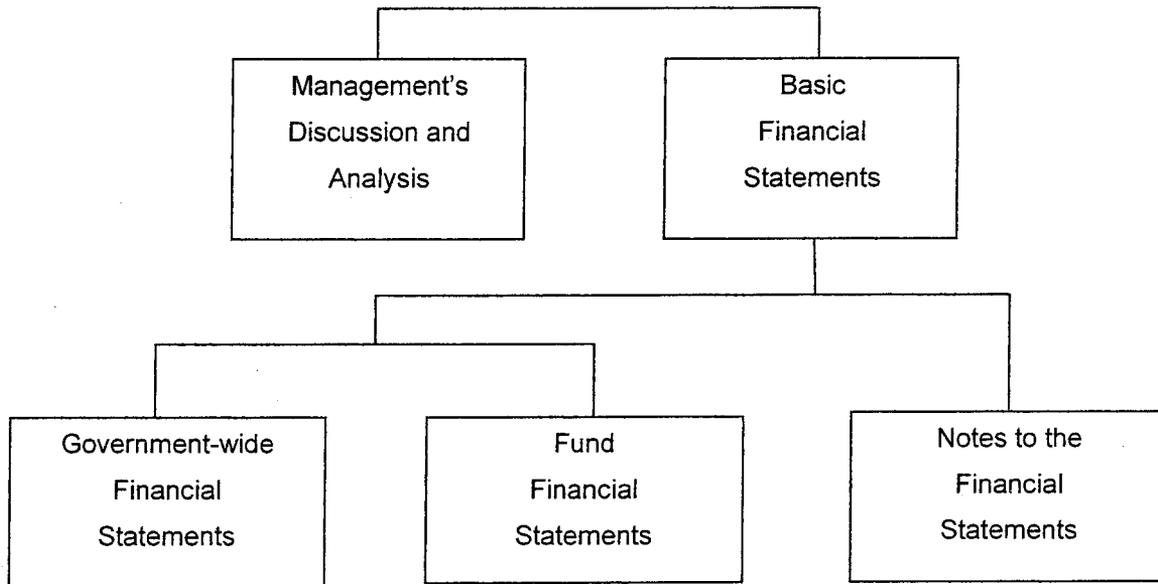

- The assets of the Town of Wilkesboro exceeded its liabilities at the close of the fiscal year by \$24,598,400 (*net assets*).
- The government's total net assets increased by \$1,654,125, primarily due to an increase in the business-type activities net assets.
- As of the close of the current fiscal year, the Town of Wilkesboro's governmental funds reported combined ending fund balances of \$1,954,942. Approximately 57.6% of this total amount or \$1,126,515 is available for spending at the government's discretion (*unreserved fund balance*).
- At the end of the current fiscal year, unreserved fund balance for the General Fund was \$1,126,515 or 24.9% of total general fund expenditures for the fiscal year.
- The Town of Wilkesboro's total debt decreased by \$218,856 (4.5%) during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the Town of Wilkesboro's basic financial statements. The Town's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the Town through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the Town of Wilkesboro.

Required Components of Annual Financial Report

Figure 1

Summary → Detail

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the Town's financial status.

The next statements (Exhibits 3 through 9) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the Town's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; and 3) the proprietary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the Town's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the Town's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the Town's financial status as a whole.

The two government-wide statements report the Town's net assets and how they have changed. Net assets are the difference between the Town's total assets and total liabilities. Measuring net assets is one way to gauge the Town's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the Town's basic services such as public safety, parks and recreation, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the Town charges customers to provide. These include the water and sewer services offered by the Town of Wilkesboro. The final category is the component units. Although legally separate from the Town, the Tourism Bureau is important to the Town because the Town exercises control over the Tourism Bureau by appointing its board members and because the Tourism Bureau is required to spend the net proceeds of the Town's 3% occupancy tax to promote tourism, conventions, and visitation to the Town of Wilkesboro. Although legally separate from the Town, the ABC Board is important to the Town because the Town exercises control over the Board by appointing its members and because the Board is required to distribute its surpluses to the general fund of the Town and to other governmental units.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements (see Figure 1) provide a more detailed look at the Town's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Wilkesboro, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the Town's budget ordinance. All of the funds of the Town of Wilkesboro can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds - Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the Town's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the Town's programs. The relationship between government activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The Town of Wilkesboro adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the Town, the management of the Town, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the Town to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the Town complied with the budget ordinance and whether or not the Town succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds - The Town of Wilkesboro has one type of proprietary fund. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The Town of Wilkesboro uses an enterprise fund to account for its water and sewer activity. This fund is the same as that function shown in the business-type activities in the Statement of Net Assets and the Statement of Activities.

Notes to the Financial Statements - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 20-35 of this report.

Other Information - In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the Town of Wilkesboro's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 36 of this report.

Management's Discussion and Analysis
Town of Wilkesboro

As noted earlier, net assets may serve over time as one useful indicator of a government's financial condition. The assets of the Town of Wilkesboro exceeded liabilities by \$24,598,400 as of June 30, 2006. The Town's net assets increased by \$1,654,125 for the fiscal year ended June 30, 2006. However, the largest portion (85.6%) reflects the Town's investment in capital assets (e.g. land, buildings, machinery, and equipment); less any related debt still outstanding that was issued to acquire those items. The Town of Wilkesboro uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town of Wilkesboro's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of the Town of Wilkesboro's net assets \$298,472 (1.2%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$3,231,784 is unrestricted.

Several particular aspects of the Town's financial operations positively influenced the total unrestricted governmental net assets:

- Continued diligence in the collection of property taxes by maintaining a tax collection percentage of 97.63%, which is comparable to the statewide average of 97.04%.

Governmental activities: Governmental activities increased the Town's net assets by \$724,754. The key element of this increase in net assets is the increase in revenues.

Business-type activities: Business-type activities increased the Town of Wilkesboro's net assets by \$929,371. The key element of this increase in net assets is the increase in charges for services.

Financial Analysis of the Town's Funds

As noted earlier, the Town of Wilkesboro uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Town of Wilkesboro's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the Town of Wilkesboro's financing requirements. Specifically, unreserved fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The general fund is the chief operating fund of the Town of Wilkesboro. At the end of the current fiscal year, unreserved fund balance of the General Fund was \$1,126,515, while total fund balance reached \$1,954,942. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 24.9% of total General Fund expenditures, while total fund balance represents 43.2% of that same amount.

At June 30, 2006, the governmental funds of the Town of Wilkesboro reported a combined fund balance of \$1,954,942, a 1.3% increase over last year. Included in this change is an increase in the general fund and no change in the special revenue funds.

General Fund Budgetary Highlights. During the fiscal year, the Town revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

Proprietary Funds. The Town of Wilkesboro's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net assets of the Water and Sewer Fund at the end of the fiscal year amounted to \$1,648,875. The total change in net assets was \$929,371. Other factors concerning the finances of this fund have already been addressed in the discussion of the Town of Wilkesboro's business-type activities.

Capital Asset and Debt Administration

Capital assets. The Town of Wilkesboro's investment in capital assets for its governmental and business-type activities as of June 30, 2006, totals \$25,411,966 (net of accumulated depreciation). These assets include buildings, water and sewer lines, land, machinery and equipment, park facilities, vehicles, and infrastructure.

Major capital asset transactions during the year include the following additions (there were no significant demolitions or disposals):

- Construction in progress for water and sewer capital assets of \$1,265,550.
- Water and sewer capital asset equipment additions of \$717,084.
- General fund capital asset equipment additions of \$880,588.

Additional information on the Town's capital assets can be found in note III.A.4. of the Basic Financial Statements.

Long-term Debt

The Town of Wilkesboro's total debt decreased by \$218,856 (4.5%) during the current fiscal year. The Town also issued promissory notes of \$180,000 for public safety equipment.

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for the Town of Wilkesboro is \$40,632,394.

Additional information regarding the Town of Wilkesboro's long-term debt can be found in note III.B.5. beginning on page 32 of this report.

Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the growth and prosperity of the Town.

- The unemployment rate for Wilkes County at June 30, 2006 stands at 5.1%, which is a decrease from the 6% rate of one year ago.
- The Town currently has only one vacant building within the industrial work zone.
- The development of the US 421 Business District is continuing as projected as indicated by the ongoing purchase of commercial utility taps.

Budget Highlights

Governmental Activities: The tax rate will increase to 40 cents per one hundred dollars (\$100) valuation of taxable property.

Budgeted expenditures in the General Fund are expected to decrease approximately 5% to \$4,286,158.

In an effort to better control the amount of fund balance appropriated to balance the General Fund budget, the Town is limiting capital expenditures to one police car.

The 2006-2007 General Fund budget does show a decrease in fund balance appropriated of 42% as compared to the previous year's budget. This is the lowest level of fund balance appropriated since the 2002-2003 budget. However, fund balance appropriated still represents 5% of the total budget revenue.

The ability to provide a balanced budget without a significant fund balance appropriation would have a positive impact on the General Fund's health. This could allow the Town the ability to increase the fund balance as a percentage of the total General Fund budget to a level equal to that of similar sized communities.

Management's Discussion and Analysis
Town of Wilkesboro

The County will be re-evaluating property values this winter to become effective with the next budget cycle. The Town could see an appreciation of 15% in property valuation. If the Town holds the 40-cent tax rate, the additional revenue could significantly decrease the need for a fund balance appropriation.

Business-type Activities: Operating revenues and expenses for the Water and Sewer Fund are not expected to change significantly. The overall budget has been decreased by 4%.

A 7.5% rate increase will be applied across all rate classes, effective July 1, 2006.

The Town intends to borrow up to \$6,500,000 for the upgrade of the Town's Waste Treatment Plan and other core infrastructure. Money has been allocated from the North Carolina Construction Grants and Loan Fund and carries an interest rate of 2.205%.

A utility rate study dated June 2004 will be revised to include the proposed borrowing.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
For the Year Ended June 30, 2006**

Amounts reported for governmental activities in the statement of activities are different because:

| | |
|--|-------------------|
| Net changes in fund balances - total governmental funds | \$ 25,794 |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period | 763,737 |
| Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds. | |
| Change in deferred revenue for tax revenues | 211 |
| The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. | (38,608) |
| Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. | |

TOWN OF WILKESBORO
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2006

I. Summary of Significant Accounting Policies

The accounting policies of the Town of Wilkesboro and its discretely presented component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The Town of Wilkesboro is a municipal corporation that is governed by an elected mayor and a four-member council. As required by generally accepted accounting principles, these financial statements present the Town and its component units, legally separate entities for which the Town is financially accountable. The two discretely presented component units presented below are reported in separate columns in the Town's financial statements in order to emphasize that they are legally separate from the Town.

Wilkesboro Tourism Development, Convention, and Visitors Bureau

The members of the Tourism Bureau's governing board are appointed by the Town. The Tourism Bureau is to spend the net proceeds of the Town's 3% occupancy tax to promote tourism, conventions, and visitation to the Town of Wilkesboro. The Tourism Bureau, which has a June 30 year-end, is presented as if it were a governmental fund (discrete presentation). Complete financial statements for the Tourism Bureau may be obtained from the entity's administrative office at Wilkesboro Tourism Development, Convention, and Visitors Bureau, 203 West Main Street, Wilkesboro, NC 28697.

Town of Wilkesboro ABC Board

The members of the ABC Board's governing board are appointed by the Town. In addition, the ABC Board is required by State statute to distribute its surpluses to the General Fund of the Town and to other governmental units. The ABC Board, which has a June 30 year-end, is presented as if it were a proprietary fund (discrete presentation). Complete financial statements for the ABC Board may be obtained from the entity's administrative offices at Town of Wilkesboro ABC Board, 798 Curtis Bridge Road, Wilkesboro, NC 28697.

B. Basis of Presentation

Government-wide Statements: The statement of net assets and the statement of activities display information about the primary government and its component units. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the Town. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the Town and for each function of the Town's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the Town's funds. Separate statements for each fund category - *governmental* and *proprietary* - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

TOWN OF WILKESBORO
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2006

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies result from non-exchange transactions. Other nonoperating revenues are ancillary activities such as investment earnings.

The Town reports the following major governmental fund:

General Fund. The General Fund is the general operating fund of the Town. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for public safety, street maintenance and construction, and sanitation services.

The Town reports the following non-major governmental fund:

Grant Project Special Revenue Fund. This fund is used to account for grant funds that are restricted for use for a particular purpose.

The Town reports the following major enterprise fund:

Water and Sewer Fund. This fund is used to account for the Town's water and sewer operations.

C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the Town are maintained during the year using the modified accrual basis of accounting.

Government-wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the Town gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town enterprise funds are charges to customers for sales and services. The Town also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have

TOWN OF WILKESBORO
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2006

matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The Town considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as a revenue because the amount is not susceptible to accrual. At June 30, taxes receivable are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of January 1, 1993, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, Wilkes County is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts in the County, including the Town of Wilkesboro. For motor vehicles registered under the staggered system, property taxes are due the first day of the fourth month after the vehicles are registered. The billed taxes are applicable to the fiscal year in which they become due. Therefore, the Town's vehicle taxes for vehicles registered in Wilkes County from March 2005 through February 2006 apply to the fiscal year ended June 30, 2006. Uncollected taxes that were billed during this period are shown as a receivable in these financial statements and are offset by deferred revenues. In addition, as of January 1, 2006, State law implemented a staggered expiration date system for annually registered vehicles as part of the conversion into the staggered registration. Originally, annual registration expired December 31st each year with taxes due by May 1st of the following year. To transition from the staggered into the annual registration, the initial 2006 registration renewals will vary from 7 to 18 months after December 31, 2005. Once these initial renewals have expired, all vehicles that were previously annually registered will be in the staggered system.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the Town are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Grant revenues which are unearned at year-end are recorded as unearned revenues. Under the terms of grant agreements, the Town funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the Town's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

As permitted by generally accepted accounting principles, the Town has elected to apply only applicable FASB Statements and Interpretations issued on or before November 30, 1989 that do not contradict GASB pronouncements in its accounting and reporting practices for its proprietary operations.

D. Budgetary Data

The Town's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund and the Enterprise Fund. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the Special Revenue Fund and the Enterprise Fund Capital Projects Funds, which are consolidated with the operating funds for reporting purposes. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the departmental level for all annually budgeted funds. Amendments are required for any revisions that alter total expenditures of any fund or that change departmental appropriations by more than \$500. All amendments must be approved by the governing board. During the year, several amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

E. Assets, Liabilities, and Fund Equity

1. Deposits and Investments

All deposits of the Town, the Tourism Bureau, and the ABC Board are made in board-designated official depositories and are secured as required by State law [G.S. 159-31]. The Town, the Tourism Bureau,

TOWN OF WILKESBORO
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2006

and the ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the Town, the Tourism Bureau, and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the Town, the Tourism Bureau, and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT). The Town's, the Tourism Bureau's, and the ABC Board's investments with a maturity of more than one year at acquisition and non-money market investments are reported at fair value as determined by quoted market prices. The securities of the NCCMT Cash Portfolio, a SEC-registered (2a-7) money market mutual fund, are valued at fair value, which is the NCCMT's share price. The NCCMT Term Portfolio's securities are valued at fair value. Money market investments that have a remaining maturity at the time of purchase of one year or less are reported at amortized cost.

In accordance with State law, the Town has invested in securities which are callable and which provide for periodic interest rate increases in specific increments until maturity. These investments are reported at fair value as determined by quoted market prices.

2. Cash and Cash Equivalents

The Town and Tourism Bureau pool money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The ABC Board considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash and cash equivalents.

3. Restricted Assets

The unexpended debt proceeds in the Water and Sewer Fund are classified as a restricted asset for the enterprise fund because its use is completely restricted for the purpose for which the debt was originally issued.

4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the Town levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, interest does not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2005.

5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Inventory and Prepaid Items

The inventory of the Town is valued at cost (first-in, first-out), which approximates market. The inventory of the ABC Board is valued at replacement cost, which approximates the lower of cost (first-in, first-out) or market.

The inventory of the Town's enterprise fund consists of materials and supplies held for subsequent use. The cost of this inventory is recorded as an expense when the inventory is consumed rather than when purchased. The inventory of the ABC Board is held for sale to customers.

TOWN OF WILKESBORO
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2006

7. Capital Assets

Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation. A new water plant and a new waste treatment plant were constructed in 1964 and 1967, respectively. Information as to the cost of water and sewer lines installed prior to 1964 was not available and is not included in capital assets. It is not felt that these items are material. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

| <u>Asset Class</u> | <u>Estimated Useful Lives</u> |
|----------------------------|-------------------------------|
| Infrastructure | 25 |
| Buildings and Improvements | 32-60 |
| Water and Sewer Plants | 50-67 |
| Water and Sewer Lines | 33-100 |
| Vehicles | 5-10 |
| Furniture and equipment | 5-20 |
| Computer equipment | 5-7 |

Property, plant, and equipment of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

| <u>Asset Class</u> | <u>Estimated Useful Lives</u> |
|----------------------------|-------------------------------|
| Buildings and improvements | 20-33 |
| Furniture and equipment | 3-10 |

8. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

In the fund financial statements for governmental fund types, the face amount of debt issued is reported as an other financing source.

9. Economic Dependency

The enterprise fund has one major customer from whom receipts were approximately 68% of the revenue reported as water and sewer charges.

10. Compensated Absences

The vacation policy of the Town provides for vacation leave based on length of employment by the Town with such leave being fully vested when earned. For the Town's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. For the Town, the current portion of the accumulated earned vacation is not considered to be material; therefore, no expenditure or liability has been reported in the government-wide and proprietary funds.

TOWN OF WILKESBORO
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2006

The Town's sick leave policy provides for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since the Town does not have any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

11. Net Assets/Fund Balances

Net assets in government-wide and proprietary fund financial statements are classified as invested in capital assets, net of related debt; restricted; and unrestricted. Restricted net assets represent constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

In the governmental fund financial statements, reservations of fund balance represent amounts that cannot be appropriated or are legally segregated for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

State law [G.S. 159-13(b)(16)] restricts appropriation of fund balance for the subsequent year's budget to an amount not to exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts as those amounts stand at the close of the fiscal year preceding the budget year.

The governmental fund types classify fund balances as follows:

Reserved:

Reserved by State statute - portion of fund balance which is not available for appropriation under State law [G.S. 159-8(a)]. This amount is usually comprised of accounts receivable and interfund receivables, which have not been offset by deferred revenues.

Reserved for streets - Powell Bill - portion of fund balance that is available for appropriation but legally segregated for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill funds.

Reserved for Drug Crime Prevention - portion of fund balance that is available for appropriation but legally segregated to investigate, combat, prevent and reduce drug crimes. The amount represents the balance of the unexpended Controlled Substance Tax.

Unreserved:

Designated for subsequent year's expenditures - portion of the total fund balance available for appropriation that has been designated for the adopted 2006 - 2007 budget ordinance.

Undesignated - portion of total fund balance available for appropriation that is uncommitted at year-end.

II. Stewardship, Compliance, and Accountability

A. Material Violations of Finance-Related Legal and Contractual Provisions

Noncompliance with North Carolina General Statutes

The Town failed to obtain the proper amount of performance bond coverage for the finance officer, as required by G.S. 159-29(a). The finance officer must be bonded for a least \$50,000; the Town's Finance Officer's bond is for \$25,000. The Town will obtain the proper amount of coverage in the future.

TOWN OF WILKESBORO
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2006

B. Excess of Expenditures over Appropriations

For the fiscal year ended June 30, 2006, there were expenditures made in the Town's General Fund, Water and Sewer Capital Projects Fund, and Water and Sewer Capital Reserve Fund that exceeded the authorized appropriations made by the governing board as shown in Exhibits B-1, D-2, and D-3.

III. Detail Notes on All Funds

A. Assets

1. Deposits

All the deposits of the Town, the Tourism Bureau, and the ABC Board are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the Town's, the Tourism Bureau's or the ABC Board's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the Town, the Tourism Bureau, and the ABC Board, these deposits are considered to be held by the Town's, the Tourism Bureau's, and the ABC Board's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the Town, the Tourism Bureau, the ABC Board, or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the Town, the Tourism Bureau, and the ABC Board under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The Town, the Tourism Bureau and the ABC Board have no formal policy regarding custodial credit risk for deposits, but rely on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance. The Town complies with G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2006, the Town's deposits had a carrying amount of \$2,613,746 and a bank balance of \$3,205,273. Of the Town's bank balance, \$1,181,360 was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method. The carrying amount of deposits for the Tourism Bureau was \$232,586 and the bank balance was \$232,586. Of the Tourism's bank balance, \$152,586 was covered by federal depository insurance, and the remainder was covered by collateral held under the pooling method. The carrying amount of deposits for the ABC Board was \$180,523 and the bank balance was \$176,484. Of the ABC Board's bank balance, \$161,556 was covered by federal depository insurance and the remainder was covered by collateral held under the pooling method. At June 30, 2006, the Town's petty cash fund totaled \$200.

2. Investments

At June 30, 2006, the Town's investment balances were as follows:

| <u>Investment Type</u> | <u>Fair Value</u> | <u>Maturity</u> | <u>Rating</u> |
|--|-------------------|-------------------|---------------|
| Federal National Mortgage Association | \$ 99,007 | February 15, 2007 | AAA |
| NC Capital Management Trust - Cash Portfolio | <u>456,087</u> | N/A | AAAm |
| Total | <u>\$ 555,094</u> | | |

Interest Rate Risk. The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

TOWN OF WILKESBORO
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2006

Credit risk. The Town has no formal policy regarding credit risk, but has internal management procedures that limit the Town's investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. The investment in the Federal National Mortgage Association is rated AAA by Standard and Poor's. The Town's investment in the N.C. Capital Management Trust Cash Portfolio carried a credit rating of AAAM by Standard & Poor's as of June 30, 2006.

Concentration of Credit Risk. The Town's Board places no limit on the amount that the Town may invest in any one issuer. More than 5 percent of the Town's investments are in Federal National Mortgage Association securities. This investment is 18% of the Town's total investments.

3. Receivables - Allowances for Doubtful Accounts

The amounts presented in the Balance Sheet and the Statement of Net Assets are net of the following allowances for doubtful accounts:

| <u>Fund</u> | <u>6-30-06</u> |
|------------------|------------------|
| General Fund | |
| Taxes Receivable | <u>\$ 66,750</u> |

4. Capital Assets

Primary Government

Capital asset activity for the Primary Government for the year ended June 30, 2006, was as follows:

| | Beginning Balances | Increases | Decreases | Ending Balances |
|--|-----------------------|------------|------------|---------------------|
| Government activities: | | | | |
| Capital assets not being depreciated: | | | | |

B. Liabilities

1. Pension Plan Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The Town of Wilkesboro contributes to the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS provides retirement and disability benefits to plan members and

TOWN OF WILKESBORO
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2006

beneficiaries. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Plan members are required to contribute six percent of their annual covered salary. The Town is required to contribute at an actuarially determined rate. For the Town, the current rate for employees not engaged in law enforcement and for law enforcement officers is 4.97% and 4.78%, respectively, of annual covered payroll. The contribution requirement of members and of the Town of Wilkesboro is established and may be amended by the North Carolina General Assembly. The Town's contributions to LGERS for the years ended June 30, 2006, 2005, and 2004 were \$105,925, \$96,998, and \$93,819, respectively. The contributions made by the Town equaled the required contributions for each year.

b. Law Enforcement Officers Special Separation Allowance

1. *Plan Description.*

The Town of Wilkesboro administers a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the Town's qualified sworn law enforcement officers. The Separation Allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full time law enforcement officers of the Town are covered by the Separation Allowance. At December 31, 2005, the Separation Allowance's membership consisted of:

| | |
|--|-----------|
| Retirees receiving benefits | 0 |
| Terminated plan members entitled to but not yet receiving benefits | 0 |
| Active plan members | <u>21</u> |
| Total | <u>21</u> |

A separate report was not issued for the plan.

2. *Summary of Significant Accounting Policies:*

Basis of Accounting. The Town has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting.

Method Used to Value Investments. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

3. *Contributions.*

The Town is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay as you go basis through appropriations made in the General Fund operating budget. The Town's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. There were no contributions made by employees.

TOWN OF WILKESBORO
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2006

The annual required contribution for the current year was determined as part of the December 31, 2005 actuarial valuation using the projected unit credit actuarial cost method. The actuarial assumptions included (a) 7.25% investment rate of return (net of administrative expenses) and (b) projected salary increases of 4.5%-12.3% per year. Both (a) and (b) included an inflation component of 3.75%. The assumptions did not include post-employment benefit increases.

Annual Pension Cost and Net Pension Obligation. The Town's annual pension cost and net pension obligation to the Separation Allowance for the current year were as follows:

| | |
|---|--------------------------|
| Annual required contribution | \$ 21,951 |
| Interest on net pension obligation | 6,589 |
| Adjustment to annual required contribution | <u>(5,220)</u> |
| Annual pension cost | \$ 23,320 |
| Contributions made | <u>0</u> |
| Increase (decrease) in net pension obligation | \$ 23,320 |
| Net pension obligation beginning of year | <u>90,880</u> |
| Net pension obligation end of year | <u><u>\$ 114,200</u></u> |

3 Year Trend Information

| For Year Ended June 30 | Annual Pension Cost (APC) | Percentage of APC Contributed | Net Pension Obligation |
|---------------------------|------------------------------|----------------------------------|---------------------------|
| 2004 | \$ 18,827 | 0% | \$ 70,973 |
| 2005 | \$ 19,907 | 0% | \$ 90,880 |
| 2006 | \$ 23,320 | 0% | \$114,200 |

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The Town contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the Town. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

Funding Policy. Article 12E of G.S. Chapter 143 requires the Town to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2006 were \$32,525, which consisted of \$27,411 from the Town and \$5,113 from the law enforcement officers.

d. 401(K) Retirement Plan

For the year ended June 30, 2006, the Town contributed to an approved 401(K) Retirement Plan covering eligible employees not engaged in law enforcement. The Town elected to make matching contributions of up to five percent (5%) of eligible salaries. The Town's contribution to the plan for the year ended June 30, 2006 was \$57,781.

e. Firemen's and Rescue Squad Workers' Pension Fund

Plan Description. The State of North Carolina contributes, on behalf of the Town of Wilkesboro, to the Firemen's and Rescue Squad Workers' Pension Fund (Fund), a cost-sharing multiple-employer defined benefit pension plan with a special funding situation administered by the State of North Carolina. The Fund provides pension benefits for eligible fire and rescue squad workers that have elected to become members of the fund. Article 86 of G.S. Chapter 58 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Firemen's and Rescue Squad Workers' Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Fund.

**TOWN OF WILKESBORO
NOTES TO THE FINANCIAL STATEMENTS
For the Fiscal Year Ended June 30, 2006**

That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. The Town contributes \$10 per month to the Fund for each member. The State, a non-employer contributor, funds the plan through appropriations. Contribution requirements of plan members and the State of North Carolina are established and may be amended by the North Carolina General Assembly. For the fiscal year ended June 30, 2006, the Town of Wilkesboro has recognized on behalf of payments for pension contributions made by the State as a revenue and an expenditure of \$4,136 for the nineteen (19) volunteer firemen who perform fire fighting duties for the Town's fire department.

f. Other Post-employment Benefits

In addition to providing pension benefits, the Town of Wilkesboro has elected to provide health care benefits for all retired personnel who have thirty years of full-time service with the Town and all elected officials who have fourteen years of service as of April 6, 1998 with the Town. The Town pays the full cost of coverage for these benefits. The spouse and eligible dependents are also covered. A retired employee's spouse and eligible dependents may continue to receive coverage upon death of the employee. However, if a retiree's spouse remarries after the death of the retiree, the spouse will no longer be eligible for insurance coverage. Currently four individuals are eligible for these health care benefits. For the fiscal year ended June 30, 2006, the Town made payments for postretirement health benefits of \$9,268. The Town obtains health care coverage through private insurers.

2. Other Employment Benefit

The Town has also elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. All death benefit payments are made from the Death Benefit Plan. The Town has no liability beyond the payment of monthly contributions. Contributions are determined as a percentage of monthly payroll, based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. Because the benefit payments are made by the Death Benefit Plan and not by the Town, the Town does not determine the number of eligible participants. For the fiscal year ended June 30, 2006, the Town made contributions to the State for death benefits of \$3,491. The Town's required contributions for employees not engaged in law enforcement and for law enforcement officers represented .17% and .14% of covered payroll, respectively. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount.

3. Deferred / Unearned Revenues

The balance in deferred / unearned revenues at year-end is composed of the following elements:

| | <u>Deferred Revenue</u> | <u>Unearned Revenue</u> |
|--|-----------------------------|-----------------------------|
| Prepaid taxes not yet earned (General Fund) | \$ 0 | \$ 17,524 |
| Privilege licenses collected in advance (General Fund) | 0 | 33 |
| Taxes receivable, net (General Fund) | 63,853 | 0 |
| Miscellaneous receivable (General Fund) | 0 | 4,410 |
| Unexpended grant proceeds (Special Revenue Fund) | <u>0</u> | <u>49,730</u> |
| Total | <u>\$ 63,853</u> | <u>\$ 71,697</u> |

4. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Town carries commercial coverage. Settled claims have not exceeded coverage in any of the past three fiscal years.

The Town carries commercial flood insurance on the garage/warehouse building and contents. Flood insurance is not carried on any other Town structure.

In accordance with G.S. 159-29, the Town's employees that have access to \$100 or more at any given time of the Town's funds are performance bonded through a commercial surety bond. The town manager, finance officer, and tax collector are each individually bonded for \$25,000 each. The remaining employees that have access to funds are bonded under a blanket bond for \$250,000.

For health and dental insurance coverage, the Town is self-insured for individual losses up to \$40,000. The Town purchases reinsurance for individual losses over \$40,000, as well as reinsurance for total plan losses in excess of \$580,000.

| Total | <u>\$ (110,947)</u> |

The transfer from the Water and Sewer Fund to the General Fund was made to reimburse the General Fund for administrative and other expenses paid for the Water and Sewer Fund.

D. On-Behalf Payments for Fringe Benefits and Salaries

For the fiscal year ended June 30, 2006, the Town of Wilkesboro has recognized on-behalf payments for pension contributions made by the state as a revenue and an expenditure of \$4,136 for the 19 volunteer firemen who perform firefighting duties for the Town's fire department. The volunteers elected to be members of the Firemen and Rescue Worker's Pension Fund, a cost sharing, multiple employer public employee retirement system established and administered by the State of North Carolina. The Plan is funded by a \$10 monthly contribution paid by the Town for each member, investment income, and a State appropriation.

IV. Jointly Governed Organization

The Town, in conjunction with seven counties and nineteen other municipalities established the High Country Council of Governments (Council). The participating governments established the Council to coordinate various funding received from federal and State agencies. Each participating government appoints one member to the Council's governing board. The Town paid membership fees of \$760 to the Council during the fiscal year ended June 30, 2006.

The Town appoints two of five trustees of the Wilkesboro Firemen's Supplemental Pension Fund. The Town does not approve the budget of the Fund, is not responsible for any deficits, nor entitled to any surpluses. The Town is to receive transfers from the Fund to pay retirement benefits to beneficiaries.

V. Joint Ventures

The Town participates in a joint venture to operate the Wilkes Economic Development Corporation, a nonprofit corporation, with Wilkes County, another municipality, and the Wilkes Chamber of Commerce. The Town appoints one board member to the nine-member board of the Corporation. The Town has an ongoing financial responsibility for the joint venture because the Wilkes Economic Development Corporation's continued existence depends on the participating governments' continued funding. None of the participating governments have an equity interest in the nonprofit corporation, so no equity interests have been reflected in the financial statements at June 30, 2006. The Town appropriated \$15,000 to the Wilkes Economic Development Corporation during the year. Complete financial statements for the Corporation can be obtained from the Corporation's offices at PO Box 727, North Wilkesboro, NC 28659.

VI. Summary Disclosure of Significant Contingencies

Federal and State Assisted Programs

The Town has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

**Report on Internal Control over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed In Accordance with *Government Auditing Standards***

To the Honorable Mayor and
Board of Commissioners
Town of Wilkesboro, North Carolina

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregated remaining fund information of the Town of Wilkesboro, North Carolina, as of and for the year ended June 30, 2006, which collectively comprises the Town of Wilkesboro's basic financial statements, and have issued our report thereon dated November 21, 2006. We did not audit the financial statements of the Town of Wilkesboro ABC Board. Those financial statements were audited by another auditor, whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Town of Wilkesboro ABC Board is based solely on the report of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. The financial statements of the Town's component units, the Town of Wilkesboro ABC Board and the Wilkesboro Tourism Development, Convention, and Visitors Bureau, were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Town of Wilkesboro's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Town of Wilkesboro's financial statements are free of material misstatement, we performed tests of its compliance with certain provision of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an

objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the management, others within the organization, the Town Commissioners, and federal and State awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specific parties.

Report On Compliance with Requirements Applicable To Each Major Federal Program and Internal Control Over Compliance In Accordance With OMB Circular A-133 and the State Single Audit Implementation Act

To the Honorable Mayor and
Board of Commissioners
Town of Wilkesboro, North Carolina

Compliance

We have audited the compliance of the Town of Wilkesboro, North Carolina, with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that are applicable to each of its major federal programs for the year ended June 30, 2006. The Town of Wilkesboro's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Town of Wilkesboro's management. Our responsibility is to express an opinion on the Town of Wilkesboro's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State Single Audit Implementation Act. Those standards, OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Town of Wilkesboro's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Town of Wilkesboro's compliance with those requirements.

In our opinion, the Town of Wilkesboro complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006.

Internal Control Over Compliance

The management of the Town of Wilkesboro is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Town of Wilkesboro's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the State Single Audit Implementation Act.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the management, others within the organization, the Town Commissioners, and federal and State awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
